No Disasters Found

Narratives

Disaster Damage:

As specified in the June 3, 2014 Federal Register Notice Vol. 79, No. 106, the State sustained multiple disasters occurring from 2011 to 2013. These disasters were far reaching throughout the fifty-seven (57) counties identified under the Presidential Disaster Declarations. Such disasters included; tornadoes, wildfires, flooding, straight-line winds, and winter snowstorms. Disaster related damage resulting from tornadoes (2013) and wildfires (2012) occurring in Cleveland and Creek counties respectively account for the majority of the disaster related damage. A Damage Assessment Report (August 6, 2013) covering the tornado disaster impact area appears as Appendix A in this Action Plan and contains a more detailed assessment of the Moore tornado event of 2013. This single disaster proved to be the most significant event of the Federal Register Notice time period.

Since the initial assessment of the storms' impact, inquiries have been made to the State of Oklahoma Department of Emergency Management to update disaster impacts. However, the Department reported that there is no additional State disaster information available. Because several years have passed and vigorous steps have been taken toward recovery, the State determined that a survey was needed to update recovery efforts and determine the unmet needs still existing. As mentioned previously, CDBG_DR funds must be used to cover "unmet" storm related disaster needs. Given these circumstances, the State prepared both mailed and emailed surveys to representatives of various units of general local governments (counties, cities, towns), HUD assisted housing, and LITHC housing located within the eligible disaster areas. US Census (American Community Survey) data was also examined as well to help better identify targeted groups which could possibly address the LMI requirement set forth in the Federal Register Notice.

The following list includes the Presidential Disaster Declarations and eligible counties accounted for under the eligible declaration. The listing also denotes the incident period in which the disaster occurred.

Oklahoma Severe Winter Storm (DR-4164)

Incident period: December 5, 2013 to December 6, 2013

Major Disaster Declaration declared on January 30, 2014

Counties Included: Choctaw, Le Flore, McCurtain, Pushmataha

Oklahoma Severe Storms and Tornadoes (DR-4117)

Incident period: May 18, 2013 to June 2, 2013

Major Disaster Declaration declared on May 20, 2013

Counties Included: Atoka, Canadian, Coal, Cleveland, Craig, Haskell, Hughes, Latimer, LeFlore, Lincoln, McClain, McIntosh, Nowata, Oklahoma, Okfuskee, Okmulgee, Ottawa, Pittsburg, Pottawatomie, Pushmataha, Seminole

Oklahoma Severe Winter Storm and Snowstorm (DR-4109)

Incident period: February 24, 2013 to February 26, 2013

Major Disaster Declaration declared on April 8, 2013

Counties Included: Alfalfa, Beaver, Beckham, Blaine, Custer, Dewey, Ellis, Garfield, Grant, Kay, Kingfisher, Major, Noble, Roger Mills, Washita, Woods, Woodward

Oklahoma Freedom and Noble Wildfires (DR-4078)

Incident period: August 3, 2012 to August 14, 2012

Major Disaster Declaration declared on August 22, 2012

Counties Includ

Disaster Damage:

ded: Cleveland, Creek

Oklahoma Severe Storms, Tornadoes, Straight-line Winds, and Flooding (DR-4064)

Incident period: April 28, 2012 to May 1, 2012

Major Disaster Declaration declared on June 14, 2012

Counties Included: Alfalfa, Craig, Grant, Kay, Nowata

Oklahoma Severe Storms, Tornadoes, Straight-line Winds, and Flooding (DR-1989)

Incident period: May 22, 2011 to May 25, 2011

Major Disaster Declaration declared on June 6, 2011

Counties Included: Blaine, Caddo, Canadian, Craig, Delaware, Grady, Jefferson, Kingfisher, LeFlore, Logan, Major, McClain, Nowata, Osage, Ottawa

Oklahoma Severe Storms and Flooding (DR-1988)

Incident period: April 21, 2011 to April 28, 2011

Major Disaster Declaration declared on May 27, 2011

Counties Included: Adair, Cherokee, Delaware, Haskell, LeFlore, McIntosh, Muskogee, Okmulgee, Pittsburg, Sequoyah

Oklahoma Severe Winter Storm and Snowstorm (DR-1985)

Incident period: January 31, 2011 to February 5, 2011

Major Disaster Declaration declared on May 13, 2011

Counties Included: Creek, Craig, Jefferson, Logan, Mayes, Nowata, Okmulgee, Osage, Ottawa, Pawnee, Pottawatomie, Rogers, Stephens, Tulsa, Wagoner, Washington

Oklahoma Severe Storms, Tornadoes, and Straight-Line Winds (DR-1970)

Incident period: April 14, 2011

Major Disaster Declaration declared on April 22, 2011

Counties Included: Atoka, Pushmataha

Recovery Needs:

A funding allocation was created as a result of several limiting factors and considerations. Some of these factors included Federal Register Notice CDBG-DR guidelines, damage analysis, surveys, US Census data, and of course the Action Plan submission deadline to HUD. Considerations involving public input and especially the amount of available funding also restricted the overall scope of the program at this time.

Unmet need exists in the areas of housing, infrastructure, resiliency / mitigation and planning. Data to determine the unmet need was compiled from unmet need requests provided by an ODOC unmet needs survey conducted from June 26, 2014 through August 8, 2014. Disaster Recovery notification letters were individually mailed to each of the fifty-seven (57) disaster eligible counties across the State. Disaster Recovery notification letters were also mailed to each of the State's eleven (11) Substate Planning Districts. An email database of approximately three-thousand (3,000) from ODOC's Community Developer newsletter was also utilized in conjunction with the ODOC disaster recovery website. Additionally, supplemental data from HUD's Oklahoma City Field Office and FEMA was also used. The unmet needs survey was targeted at the fifty-seven (57) Oklahoma counties and their inclusive municipalities which qualified under the 2011, 2012, and 2013 Presidential Disaster Declarations as specified in the Federal Register Notice. Below is a summary of the results from the survey contained in the ODOC disaster recovery notification letters. Please note that these survey results are the initial response to the inquiry of the State's unmet disaster needs. Because these unmet needs are based off simple requests and not substantiated by an official application, this listing DOES NOT reflect a final eligibility of such requested activities. The FINAL eligibility assessment will be conducted upon evaluation of an officially submitted Disaster Recovery application through the State's OKGrants' system.

SURVEY SUMMARY – AS OF 8/8/2014

Total Submissions – 89 Units of General Local Government (UGLG's)

- Total Disaster Funding Requested – \$253,818,251.68
- Total Individual Funding Activities Requested Among the 89 UGLG's – 371
- Projects Directly DR Ineligible: 8 (\$3,542,289.75)
- Project Administration Directly Specified in Letter of Intent: 2 (\$2,222,869.98) Note: No Other UGLG's Requested Administration Amounts as Part of the Letter of Intent.

Cleveland County – (Cleveland / Norman) 67 Activities (\$49,221,000.00) Does NOT include OKC/Cleveland County Activities

- Creek County – 136 Activities (\$43,435,673.46)
- Oklahoma City – 22 Activities (\$87,501,550.00)
- Balance of State – 145 Activities (\$73,660,028.22)

Activities Requested from 2011 Disaster Declarations: 125 (\$62,789,432.64)

- Activities Requested from 2012 Disaster Declarations: 181 (\$60,677,272.96)
- Activities Requested from 2013 Disaster Declarations: 62 (\$125,728,676.10)
- Activities Requested with Disaster Event Occurring Outside of Allowed Years (2011, 2012, & 2013): 1 Activity (\$2

Recovery Needs:

gt;

CDBG-DR Categories (Total Request - \$253,818,251.68)

- Housing – 3 Activities (\$9,000,000.00)3.5%
- Infrastructure – 90 Activities (\$156,902,371.60)61.8%
- Planning – 10 Activities (\$15,403,444.00)6.1%
- Public Facilities – 14 Activities (\$1,748,582.64)0.7%
- Resiliency – 250 Activities (\$59,640,983.46)23.5% Includes: Emergency Equipment, Generators, Storm Sirens, Housing

Clearance for Flood Plain Issues, Storm Shelters/Safe Rooms.

- Economic Development – 1 Activity (\$900,000 INELIGIBLE) 0.4% Project DID NOT Relate To Disaster.
- Administration – 2 Activities (\$2,222,869.98)0.9%This amount will not reflect actual administration at the time of the final DR plan. This amount only shows what was included in the Letter of Intent listings. Federal guidance allows for up to 5% Administration.
- UNKNOWN – 1 (\$8,000,000.00) 3.2% **NOTE: Requested \$8 million in funding but did not provide any detailed list of requested DR activities.

Consistent with the Federal Register Notice, the primary purpose of the Funding is to address the immediate unmet housing and economic revitalization needs of our most impacted counties. The State’s allocation of the Funding by activity (as set forth above)is guided by several critical federal requirements set forth in the Federal Register Notice. All of the programs to be administered in the activity categories identified above, with the exception of Administration and Planning, will achieve one or more of the National Objectives:

- First, the Federal Register Notice requires that not less than \$41,228,000 of the Funding must be used to provide assistance in Cleveland and Creek Counties. HUD has explained that this requirement was largely based on where registrants who sought assistance from FEMA and SBA were geographicallyconcentrated.
- Second, allactivities, with the exception of Administration and Planning, must meet at least one of the National Objectives.
- Third, at least 50% of the Funding (together with all related future allocations of CDBG-DR Program funds)must meet the Low/Moderate Income Benefit National Objective. As a result, the State must be able to demonstrate that the Funding is being expended to assist LMI persons.
- Fourth, while homeownership assistance may be provided to households up to 120% of AMI, however, only those funds used to serve households with up to 80% of AMI may qualify as meeting the low and moderate income person benefit national objective.
- Finally, the Funding cannot be used to assist second homes (as defined in IRS Publication 936) or private utilities.

The State’s first priority withtheFund

Recovery Needs:

ingis to get funding to as many affected residents as possible in order to assist them with disaster recovery. With this priority in mind, the State has developed additional factors to determine allocations of the Funding down to the level of specificity required by HUD.

Overall Progress Narrative:

During this quarter, activities continue for multiple Round funding. Round10 was submitted and approved by HUD for the OKC Draper Water Facility Improvements project. Quarterly Reports are posted to the OKCommerce.gov website and submitted via email to local field Rep. See individual activities for more notes. The HUD Disaster Recovery Team visited the State for Technical Assistance and review of the State's program. The State is working on program changes as suggested by the team during their review.

Note: Nat Objective - LMH

1. Proposed Project Activities: Cimarron Courts Senior Apartments - Elderly Congregative Housing- CDBG Disaster Recovery participation is \$5,110,000. This proposal is for the development of a new 40 unit project (including 34 single bedroom and 6 two bedroom units) to be located within the City of Mannford on City property provided for the project. This project, located at 807 Greenwood Avenue, will be close to the existing Senior Citizen Activity Center and other facilities that support the health and safety of senior citizens. This new housing project will be actively marketed as replacement housing for elderly citizens who were displaced by the Freedom Wildfire and are still attempting to find permanent housing options as a result of the fire.

Activity Description:

- See DRGR Supporting Documentation (Upload Docs)

Loss of electrical power to the facility occurred during DR-4109 and DR-1989 resulting in 4600 users without potable water. In addition, power outages generally occur during any type of moderate to severe weather. At present, the service provider has no plans to upgrade the electric infrastructure resulting in an ongoing need that remains unmet from DR-4109 and DR-1989.

Power lines in the newly-selected site adjacent to U.S. Highway 81 are more durable distribution lines as compared to the lesser maintained and less resistant system at the present unpopulated site. In addition, no backup power source exists at the present site in the event of electrical outages. Although not an eligible CDBG-DR grant cost by itself, the new plant will include a backup power source in the event of power outages.

The plant has suffered damage to components from voltage irregularities due to outages and surges, such as occurred during DR-4109 and DR-1989. A surge protector was installed on the main breaker to minimize additional damages. However, without power, the plant could not cycle and pre-treat water to move it to the treatment plant in town. The longer the outage occurs, the greater the increase in the chances that service will be disrupted.

During severe weather recovery, such as DR-4109 and DR-1989, the priority to repair the service lines to the plant by the City's single electric crew must be balanced with the restoration of circuits and outages impacting neighborhoods and other areas.

Following outages, as occurred in DR-4109 and DR-1989, City electric crews removed tree limbs and branches from the line to make repairs and restore services after all other priority lines were repaired and services restored elsewhere.

The loss of power is in the electrical distribution system and power lines which are repairable. The cost for a full upgrade to new electric infrastructure is not cost-effective for a facility located in a floodplain and threatened with increased ground water lakes from sand mining in the immediate vicinity of the plant. The option to relocate the plant to the proposed location site is on a heavier duty distribution system maintained by Cimarron Electric Cooperative with better resources to maintain sustained distribution. The City has only one electric crew to restore outages to the current facility and outages due not become a priority until treated water storage tanks run low of water and loss of water to residences and businesses are threatened.

This resiliency project would mitigate future electrical outages and flood damage, which would completely incapacitate the water distribution system to 4600 customers, residential, commercial,

Activity Description:

- See DRGR Supporting Documentation (Upload Docs)

The wildfires of August 3-14, 2012, and the subsequent recovery efforts proved to be detrimental to many of the rural roads located in Cleveland County. The wildfire encompassed areas under the jurisdiction of both the City of Norman and Cleveland County. Although the overall consideration of projects was completed jointly by the City of Norman and Cleveland County, each entity was responsible for evaluation, prioritizing, preparing and submitting individual applications.

Most of the rural roads in the wildfire damage area were originally constructed to a light standard of a chip seal or thin asphalt overlay on top of an existing unstabilized aggregate road. The high volume of large heavy equipment used in the recovery efforts resulted in numerous failures to the rural road network in the wildfire disaster area. As various road failures have manifested themselves the damaged areas, they have been addressed on a spot basis. It is now over two years after the disaster event and widespread failures are in need of addressing with permanent solutions. These roadway failures have overburdened both the City's and the County's budget capabilities to make permanent repairs and bring the entire road surfaces back to pre-disaster conditions and to provide a safe transportation network for the impacted rural citizens. During the wildfire, 108th Avenue SE (City of Norman jurisdiction), 120th Avenue SE (City of Norman jurisdiction) and 180th Avenue SE were designated as major haul roads. Other Section Line Roads utilized as haul roads were Cedar Lane, Post Oak Road, Maguire Road, and Etowah Road. The haul roads were heavily traveled with fire trucks, power line trucks and equipment with a GVW from 12,000 pounds to 90,000 pounds. The existing road prior to the disaster event was sufficient for periodic large truck traffic such as sanitation and utility line trucks, but not the weight and volume of the traffic that was encountered during the disaster event and subsequent recovery efforts. The key issue that has led to the deterioration of these roads is that none of these roadways were designed to carry the volume or the weight of the vehicles that repeatedly traveled each roadway during the time of the wildfire disaster and the subsequent recovery efforts.

The City of Norman and Cleveland County Road Maintenance staff along with the engineering staff from the City of Norman and EST, Inc. has thoroughly analyzed these roadways. Clearly, each roadway received damage as a result of the wildfire disaster and subsequent recovery efforts. Although some roads had minor repairs after the disaster, it is the determination that these roadways are now beginning to show widespread serious signs of deterioration that is directly attributable to the disaster and recovery efforts. Repairs to these existing roadways are essential as stated previously to provide a safe transportation network for the impacted rural citizens.
